### Profile options

- add/change location

A screenshot of a profile page for a horse named "Carlos". The page has a purple header with the name "Carlos" and a small profile picture of a brown and white horse. Below the header, there's a section to "Change your profile picture here" with a "Alege fisier" button. To the right, there's a sidebar with various profile details:

- Information
- City: Sevilla
- Instagram: mejorCaballoSpain
- Age: 11
- Email: horse@yahoo.com
- About Me
- I love grass! CHANGE ME

A hand-drawn white arrow points upwards from the bottom right towards the "CHANGE ME" button in the sidebar.

A modal window showing a location change. The current location is "Alicante". A text input field shows "Sevilla", and there are "SAVE CHANGE" and "EXIT" buttons. A hand-drawn white arrow points upwards from the bottom right towards the "SAVE CHANGE" button.

A screenshot of the profile page after changing the location to "Sevilla". The top bar now shows "Sevilla" instead of "Alicante". The sidebar still lists "Alicante" under "Information" and "CHANGE ME" buttons for other fields. A large white arrow points upwards from the bottom right towards the "CHANGE ME" button in the sidebar.

The image consists of three vertically stacked screenshots from a web application named "InstantBFF".

- Screenshot 1:** Shows the login page with fields for "Email" and "Password", and buttons for "Log in" and "Forgot password". A white arrow points from the "Forgot password" button to the second screenshot.
- Screenshot 2:** Shows the "Forgot password" page. An "Email:" field contains "popdidi99@yahoo.com". A white arrow points from the "Send Mail" button to the third screenshot.
- Screenshot 3:** Shows the confirmation message "The email was successfully sent to your email address." A large white arrow points from the bottom of the second screenshot up to this message.

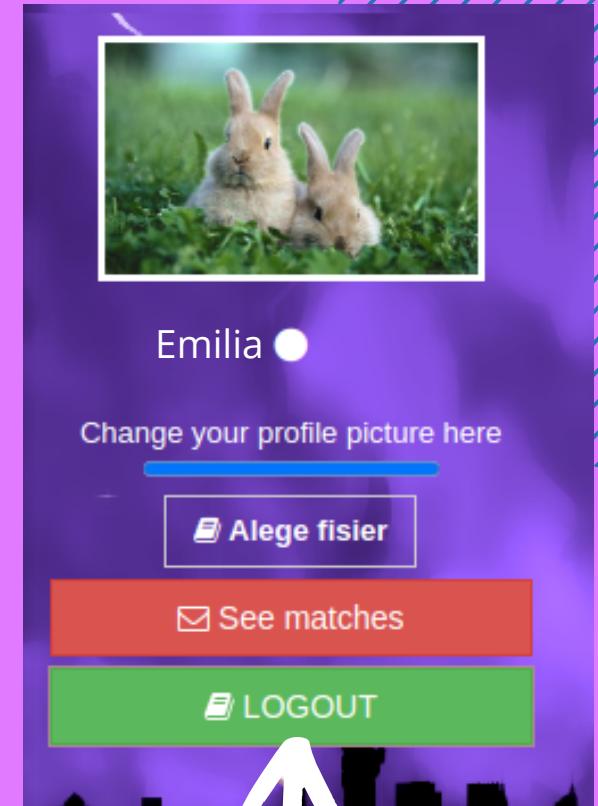

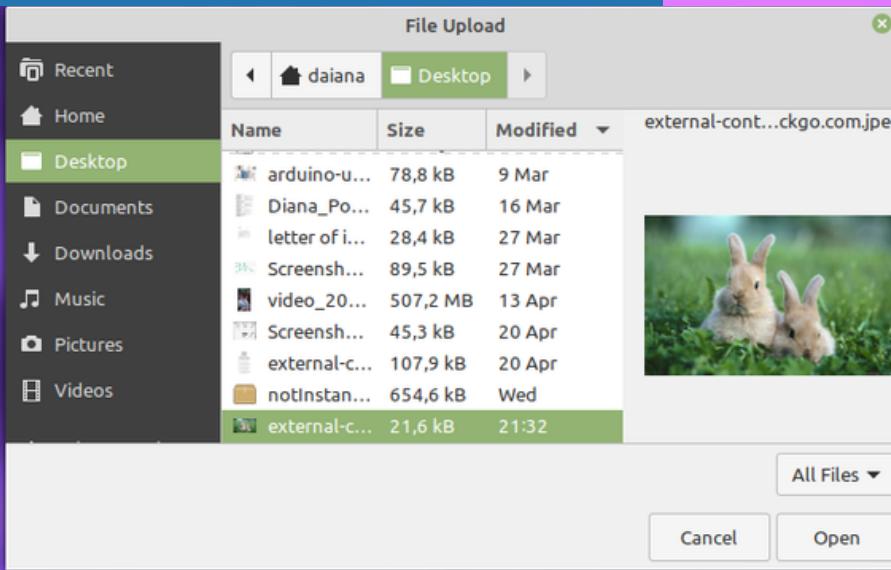

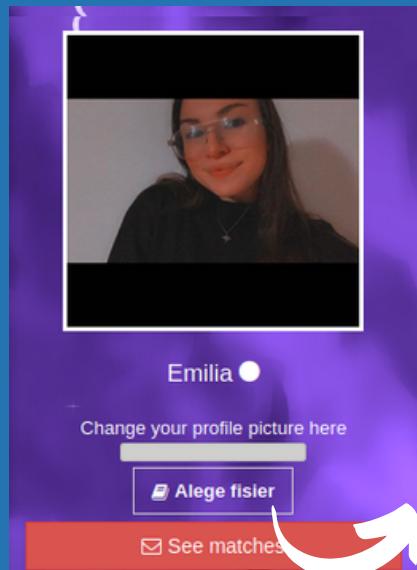

A large, slanted annotation "insert email" is placed over the "Email:" field in the second screenshot.
